Research	
Description	Dates (if applicable, from MM/YYYY to MM/YYYY)
1- Impact of Genetic Polymorphisms on INR Normalization in The Peri-Procedural Management of Warfarin. (Co-investigator) My role is: (Co- investigator) (IRB Approval, research proposal # (16415/16)	(30/10/17) till now
2- Difficult Laryngeal Mask Ventilation in Adults: Incidence and Outcome (LAAM MEEM Study) My role is: (Co- investigator) (IRB approval, research proposal (#16198/16)	(01/03/18) till now
3- Evaluation of High Flow Nasal Cannula (HFNC) Oxygen therapy, as a sole ventilation technique in patient undergoing elective upper air way surgery. My role is: (principle investigator) (Research proposal # (17063/17)	(01/01/2018) till Now
4- Is pre-operative awake air way Nasopharyngoscopy is a good tool to predict the expected difficult air way in obese patients? Prospective study. My role is: (principle investigator) Research proposal # (01-19-107) Approved (13/08/2020)	(01/01/2019) till now
5- Effect of human plasma protein transfusion with and without crystalloids on acid base, electrolytes and tissues perfusion during major liver resection surgeries My role is: (Co-investigator) (IRB Approval Research proposal # (01-18- 256)	(01/05/2019) till now
6- Comparative Study between Volume Controlled Ventilation and Flow Controlled Ventilation through Ultra-thin tube in Upper Airway My role is: (principle investigator) Research proposal # (10-04-219)	17-08-2019 till now
7- The Feasibility of combined Pectoral Nerves Block and Superficial Cervical Plexus Block for Insertion of Vascular Ports in the Lower Neck and Upper Chest Wall My role is: (Co-investigator) (Research proposal # (01-18-332)	17-08-2019 till now
8- Flow controlled ventilation in ARDS associated with COVID-19 My role is: (Co-principle Investigator) (Research proposal # (MRC 05-18) (Clinical Trial #NCT04399317). (clinical trials number: TRLS-D-20-01169)	18-04-2020 till now
9- Intubate COVID 19 international project I am the project leader at Qatar	April 2020 -date

Clinical Audits in Rumailah Hospital:

- **Clinical Audit:** Mini NAP4 project in Rumailah Hospital Operating Theater (started December 2017).
- **Clinical Audit:** Difficult intubation management in Rumailah Hospital Operating Theater (finished November 2013).
- **Clinical Audit:** The use of scavenging system during induction and maintenance of general anesthesia for pediatric patients (finished September 2013).
- **Clinical Audit:** Cuffed versus un-cuffed endotracheal tube in pediatric age group

Guidelines and Protocols:

Name	Date	Objectives
1- Safe procedural sedation by non-anesthesiologists	January 2019	Member
2- The Difficult Airway Society (DAS) guidelines for the performance of Awake Tracheal Intubation (ATI) reviewer	November 2019	International Member
3- Airway Management in Patient with Suspected Novel Coronavirus (VOVID 19) (Best Practice Recommendations)	January 2020	Corporate Chair
4- Guidelines for the management of tracheal intubation in critically ill adults	March 2020	Corporate Member under approval
5- Guidelines for Surgical Patients with Suspected or Positive COVID-19	March 2020	HGH Member
6- Difficult Airway Guidelines from CPG committee	June 2020	CPG Chair

Quality Improvement Project:

1. Clinical care improvement program demonstrating mastery the fundamental concepts of quality improvement Title (***Reducing Cancellation of Elective Surgeries in the ENT Operating Theatre***) finished June 2013

Research	
<i>Description</i>	<i>Dates</i>
<p>1. Impact of Genetic Polymorphisms on INR Normalization in The Peri-Procedural Management of Warfarin. (Co-investigator) My role is: (Co- investigator) (IRB Approval, research proposal # (16415/16)</p>	(30/10/17) till now
<p>2. Difficult Laryngeal Mask Ventilation in Adults: Incidence and Outcome (LAAM MEEM Study) My role is: (Co- investigator) (IRB approval, research proposal (#16198/16)</p>	(01/03/18) till now
<p>3. Evaluation of High Flow Nasal Cannula (HFNC) Oxygen therapy, as a sole ventilation technique in patient undergoing elective upper air way surgery. My role is:(principle investigator) (Research proposal # (17063/17)</p>	(01/01/2018) till Now
<p>4. Is pre-operative awake air way Nasopharyngoscopy is a good tool to predict the expected difficult air way in obese patients? Prospective study. My role is: (principle investigator) Research proposal # (01-19-107)</p>	(01/01/2019) till now
<p>5. Effect of human plasma protein transfusion with and without crystalloids on acid base, electrolytes and tissues perfusion during major liver resection surgeries My role is: (Co-investigator) (IRB Approval Research proposal # (01-18- 256)</p>	(01/05/2019) till now
<p>6. Comparative Study between Volume Controlled Ventilation and Flow Controlled Ventilation through Ultra-thin tube in Upper Airway My role is: (principle investigator) Research proposal # (10-04-219)</p>	(17-08-2019) till now
<p>7. The feasibility of combined pectoral nerves block and superficial cervical plexus block for insertion of vascular ports in the lower neck and upper chest wall My role is: (Co-investigator) Research proposal # (01-18- 332)</p>	(17-06-2019) till now
<p>8. Assessment of Retrograde Transcutaneous Infra-Red Illumination for Facilitation of Endotracheal Intubation in COVID-19 Patients Using Video-Laryngoscopy.</p>	(17-06-2020) till now

Candidate in the Following Workshops:

- ECMO workshop **in the 5th European Airway Congress (EAC 2018)** Held on December 04-07, 2018, in Catania, Italy.
- Airway ultrasound workshop in **the 5th European Airway Congress (EAC 2018)** Held on December 04-07, 2018, in Catania, Italy.
- Awake videoscapy intubation workshop in **the 5th European Airway Congress (EAC 2018)** Held on December 04-07, 2018, in Catania, Italy.
- Lung separation workshop in **the 5th European Airway Congress (EAC 2018)** Held on December 04-07, 2018, in Catania, Italy.
- **One lung thoracic anesthesia workshop organized:** by Australian & New Zealand College of Anesthetists ANZCA ASM 2018, 9th May, 2018, SYDNEY-AUSTRALIA
- **Advanced Ventilation Skills:** organized by Australian & New Zealand College of Anesthetists ANZCA ASM 2018, 7th May, 2018, SYDNEY-AUSTRALIA
- **FUSE lung and gastric ultrasound course:** organized by Australian & New Zealand College of Anesthetists ANZCA ASM 2018, 7th May, 2018, SYDNEY-AUSTRALIA
- **Nasendoscopy for Anesthetists, by Anesthetists, on Anesthetists:** organized by Australian & New Zealand College of Anesthetists ANZCA ASM 2018, 7th May, 2018, SYDNEY- AUSTRALIA
- **Hands-on Cadaver Workshop Chronic Pain:** organized by 36th Annual Congress of the European Society of Society of Regional Anesthesia & Pain Therapy (ESRA), 13th-16th September, 2017, Lugano, Switzerland.
- **Hands-on Clinical Workshop-Chronic Pain US:** organized by 36th Annual Congress of the European Society of Society of Regional Anesthesia & Pain Therapy (ESRA), 13th-16th September, 2017, Lugano, Switzerland.
- **Hands-on Clinical Workshop-Fast, feel:** organized by 36th Annual Congress of the European Society of Society of Regional Anesthesia & Pain Therapy (ESRA), 13th-16th September, 2017, Lugano, Switzerland.
- **Workshop of difficult airway management** during the 3rdEuropean Airway Congress (EAC 2106) Held on December 02-03, 2016, in Valencia, Spain.

- **HMC Intellectual Property and Innovation Workshop:** held on 23th May 2016, at the Bayt Al Diyafah in Doha, Qatar
- **Anesthesiology Residency Program ACGME-I Retreat:** held on 5th March 2016, Doha, Qatar
- **Fiber-optic Intubation / Supra-glottic Airway Devices / Video-laryngoscopy** workshops during **World Airway Management Meeting (WAMM) 2015:** held on 13th November 2015 in Dublin, Ireland.
- **Training the airway trainer's** workshops during **World Airway Management Meeting (WAMM) 2015:** held on 13th November 2015 in Dublin, Ireland.
- **Jet ventilation safety and use** workshops during **World Airway Management Meeting (WAMM) 2015:** held on 14th November 2015 in Dublin, Ireland.
- **Thoracic anesthesia hands-on:** during European Society of Anaesthesia held on 1st June 2015 in Berlin Germany.
- **Assessment of ACGME Competency, Curriculum Patient Safety & Quality improvement, Program Evaluation & Clinical Competency Committee:** held on 1-3 December 2015 in Educational Center, Doha, Qatar.
- **Documentation of Supervision for Faculty:** held on November 3rd 2015 in Educational Center, Doha, Qatar.
- **Regional Anesthesia on cadaver's pre- congress workshop organized in cooperation with the department of Anesthesiology and Intensive Care Medicine, Charite- University Medicine, Berlin:** during European Society of Anesthesia held on 30th May 2015 in Berlin Germany.
- **Pre-Congress Course on current concepts in airway management:** during European Society of Anesthesia held on 29 May 2015 in Berlin Germany.

- **Anesthesiology Residency Program ACGME-I Retreat:** held on 27th September 2014, Doha Qatar
- **Professionalism Workshop:** held on May 29th 2014 inside medical education, Hamad Medical Corporation, Doha, Qatar
- **Advanced Pediatric Airway Management Workshop:** during HARVARD MEDICAL SCHOOL Practical Aspects of Pediatric Anesthesiology and Critical Care 2014 held on May 2 - 4, 2014, Boston, USA
- **Pediatric Ultrasound Regional Anesthesia:** during HARVARD MEDICAL SCHOOL Practical Aspects of Pediatric Anesthesiology and Critical Care 2014 held on May 2 - 4, 2014, Boston, USA
- **Advanced Airway Management Workshop:** During Harvard Anesthesia Update- Innovation and Transformation in Anesthesiology2014 held on May 5-9, 2014, Boston, USA
- **Acupuncture Workshop: Harvard Anesthesia Update- Innovation and Transformation in Anesthesiology2014** held on May 5-9, 2014, Boston, USA
- **Advanced Airway Management Workshop:** During the 2nd European Airway Congress (EAC 2103) Held on December 05-07, 2013, in Istanbul, Turkey.
- **Appraisal Workshop:** on 17th November 2013 in Al Ghariya 1 Meeting Room, La Cigale Hotel, Doha, Qatar
- **Launch Events of the Best Care Always Collaborative:** held on 1 and 2 October 2013 in Doha, Qatar.
- **Introductory Ultrasound Workshop 2013:** In Toronto Western Hospital, University Health Network on May 31- June 2, 2013 in Toronto, Canada.

- **Adult Airway Workshop:** during the 4th World Anesthesia Conference NWAC 2013, which will take place on 23-27 April, 2013 in Bangkok, Thailand.

- **Through my work in Tanta University Hospitals, I had a great opportunity to gain the following experiences:**

***Anesthesia for open-heart surgery (adult and pediatric):**

I had a great opportunity to share open heart surgery unit and in assisting in the postoperative care of patients in ICU.

***Neuro anesthesia:**

I was included in neuro anaesthesia, spinal surgery and intracranial surgery.

***Pediatric anesthesia:**

Anesthesia for pre-mature neonates and infants including general and regional pediatric anaesthesia techniques.

I did many neonatal and pediatric critical cases in Hamad Medical Corporation in elective list and emergency call as 900grams neonate for laparotomy, major or minor gastrotomies, imperforate anus, pyloric stenosis, pediatric laparoscopy, tracheoesophageal fistula and cardiac Cath. Lab. for pediatric cases

***Obstetric & gynecological anesthesia:**

Anesthesia for labor and delivery

Management of C.S (pre-eclampsia, diabetic, cardiac)

Non-obstetric surgery (microsurgery, laparoscopy, hysteroscopy and IVF.)

***Anesthesia for spinal and orthopedic surgery:**

Spinal fixation surgery, joint replacement and general orthopedic surgery.

***Polytraumatic patient anesthesia.**

***Thoracic anesthesia:**

One lung anaesthesia, thoracoscope and bronchoscope.

*** Ophthalmic anesthesia:**

Ophthalmic anesthesia under general anaesthesia and local anesthesia.

***Anesthesia for major vascular surgery.**

I did 5 cases of rupture Abdominal Aortic Aneurysm.

Many cases of carotid endarterectomy

Many cases of emergency and elective vascular anastomosis and vascular access.

***Intensive care management of critically ill patient.**

***Through my work in Hamad Medical Corporation, Cardiac Catheter Laboratories (CCL), State of Qatar, as an anesthetist I had a great opportunity to gain the following experiences:**

***Cardiac Catheterization for Electrophysiological Studies Anesthesia:**

- 1- Pacemaker's applications for heart block (single and double chambers).
- 2- AV Nodal Reentry Tachycardia (AVNRT): ablation by radiofrequency or cryoablation energy.
- 3- Wolf Parkinson White (WPW) syndrome radiofrequency ablation.
- 4- Atrial Flutter (AF): study of ablation by using conventional electrophysiological system & Insite system & RF- machine of irrigation tip technique.
- 5- Atrial fibrillation: Electrophysiological study (EP) using (Lasso) mapping catheter and cryoablation.
- 6- Ventricular tachycardia (VT) study of mapping by Insite (3D dimensional images) or conventional EP and applying ablation by irrigation technique
- 7- Implantable Cardio-version Defibrillation (ICD) (single- dual chambers) and Cardiac Resynchronization Therapy (CRT) for heart failure.

***Also Transcutaneous Transcatheter Closure of Congenital Heart Defects**

- 1- Transcutaneous trans-catheter study and diagnosis of congenital heart diseases (TOF and etc.)
- 2- Transcutaneous trans-catheter closure of atrial septal defect (ASD), ventricular septal defect (VSD) and patent ductus atreriosis (PDA).
- 3- Transcutaneous trans-catheter balloon dilation of coarctation of aorta & pulmonary artery stenosis.

***Anesthesia for E N T, head& neck surgery and 40 Maxillo- facial surgery**

- Using all airway tools perfectly
- Awake intubation.
- Fiber optic intubation.
- Retromolar (Bonfils) intubation.
- Jet ventilation.
- High Flow Nasal Oxygen Therapy or THRIVE or POINT a new technique of Oxygen therapy.
- STRIV Hi for upper airway surgery.
- Anesthesia management of drug induced sleep naso-endoscopy (DISE).
- Diagnostic nasoendoscopy as bedside test for airway evaluation.
- Anesthesia for Trans. Oral Robotic Surgery (TORS).
- Anesthesia for Obstructive Sleep Apnea (OSA).
- Major head and neck surgery (neck dissection and free flaps)
- Anesthesia for acoustic neuroma.
- More than 240 cases of cochlear implant in pediatric patients.
- FCV and Tritube in upper airway surgery.
